To Whom It May Concern,

I am writing this letter in regards to Kathy Saldivar. I have been acquainted with Kathy since her teenage years. She is a very genuine person. Kathy, even at a young age was drawn to children and they loved her, too. She was a popular baby sitter.

When Kathy decided to get her teaching license, I spent time with her in the classroom. She was a natural with the students. I was impressed with her organizational skills, and how she managed classroom behavior. I feel Kathy would be a great asset to your school district and for your students' success.

Sincerely,

Lynne Wasson
